### XR Learning Design

Edstutia provides purposeful XR Learning Design consultation that dynamically integrates extended realities with the newest VR and AR tools to rewire training needs. Work 1:1 with Edstutia's XR Learning Design Consultant to elevate your organization's learning and training experiences in the Metaverse.

### L&D Training and Upskilling

Increase engagement, retention, satisfaction, and speed to skill with VR-enhanced L&D programs. Research shows that VR enhancement reduces training time by 95%. Edstutia offers a range of a la carte training modules, as well as the option to co-create your organization's learning modules with you.

### Onboarding

Reduce onboarding time for your new hires by making the process contemporary, relevant and immersive using virtual reality. Edstutia's fully immersive onboarding program provides you with a centralised, customised and data-driven approach to onboarding across all divisions. Experience higher productivity and compliance at a fraction of the cost of traditional onboarding.

### Team Building

Imagine team-building being as simple as putting on your VR headset, meeting on a virtual campus, and engaging with your team members in one of Edstutia's team-building activities. Team-building in VR reduces the costs involved in traveling and logistics. Choose from our range of activities including Paint Ball, Scavenger Hunt, Barnaga, Chinese Whispers and many more!

## Pioneers in the World of XR

We are thought leaders and pioneers in the world of XR based learning for business, technical, and soft skills. Our instructors are trained to leverage VR and contemporary instructional design to ensure learners have an impactful, engaging experience with meaningful outcomes.

## A Fully Immersive Virtual Campus

The Edstutia campus is one of the first fully immersive campuses in VR, and includes conference rooms, boardrooms, 360-degree immersive rooms, an outdoor amphitheater, simulation games, and so much more.

## Providing Life-Like Simulations

Using VR, your multi-learner teams will work with subject matter experts and engage with life-like simulations and social scenarios where they can explore new realities, collaboratively tackle problems, and interact with one another with a true feeling of 'presence'.

## A Learn-By-Doing Approach

Like Edgar Dale, we understand that people learn best by "doing" and exclusively utilize experiential learning. VR based learning is shown to improve retention and engagement by 80%. Every Edstutia module results in a tangible deliverable, so employees have something to show for their efforts.

## WHY WORK WITH EDSTUTIA?

# 75%

### LEARNING RETENTION

Learners retain only 10% of what they read, but 75% of what they do.

# 69%

### ONBOARDING LONGEVITY

A good onboarding program leads to 69% of employees staying at least 3 years.

## Consider Some of Our Most Popular Modules for Your Team

Leadership in the 21st Century

Cross Cultural Competence

Communicating in a Virtual World

Propelling Diversity

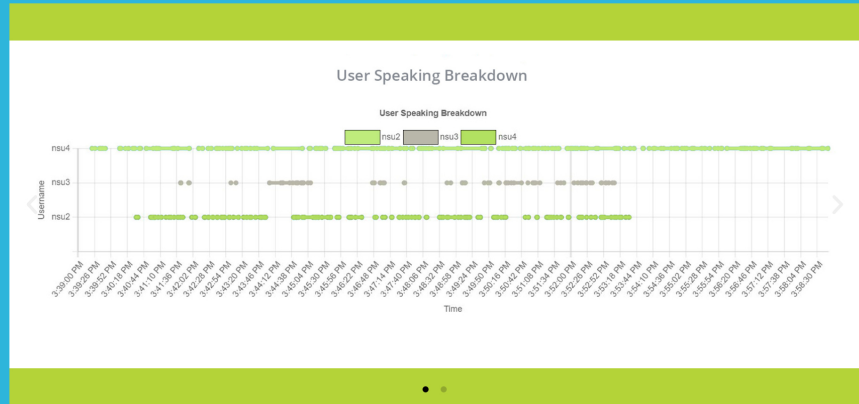

Team Building in VR

Leading Change

## Real-Time Dashboard Insights

### Training Relevant to Your Needs

We work closely with client partners to understand their specific training needs so we can develop and deliver relevant learning experiences – from workshops to team building events to intensive modules.

### Onboarding Tutorials

We provide onboarding tutorials in VR to get learners acclimated to navigating in different dimensions using a variety of tools.

### VR Headset Rentals

Don't own a VR headset? No problem. We can lend your team Oculus Quest headsets for a nominal fee.
